...Research is Crucial to Promotion and Career Development

The Vice - Chancellor, Mountain Top University (MTU), Prof. E. A. Ayolabi stated that research is crucial to promotion and career development of academic staff. He made this statement during the just concluded Grant Sourcing and Funds Management Training (GSFMT), held at the University's ICT Centre on the 19th and 20th of April, 2017.

Prof. Ayolabi while delivering his address stated that the University as an educational institution is committed to teaching, research and community service. Hence, he stressed on the importance of sourcing for grants, for the purpose of meaningful and robust research.

It would be recalled that during the training, a delegation of seasoned professionals from the Federal University of Agriculture Abeokuta, led by Prof. Kola Adebayo and Prof. Okunuga from the University of Lagos were on ground to enlighten academic staff of MTU on necessary techniques for sourcing research grants.
